Environment Education in Academy

The education for environmental awareness is essential for the younger and older generations. But in schools , it has more importance as it helps students and along with persons related to students towards:-

1. Awareness
2. Skill to identify environmental problems .
3. Knowledge to know conservation of natural resources .
4. Evaluation ability to evaluate environs measures.
5. Attitude and participation .

Keeping all these things in mind our school indulge with few environmental educations programmes .

1. **Environmental Science** :- Books of EVS are the part of curriculum. It provide knowledge about environment and the study of the processes in water , air and soil .
2. **Assembly :-** One day is fixed for environment awareness in assembly where students take part in quiz , poems , speeches etc. Environmental information are given to the students .
3. **World Environment Day :-** School celebrate this Day by distributing plants and encourage students to grow and take care .
4. School every year take part in FAP activities regarding to grow plants . Last year about 1000 plants were planted in groups in villages where students groups with teachers and Non teaching staff visited to different villages to plant the saplings .
5. **Eco Club :-** Eco club is there in school . Members of this club organize different activities time to time.
